Position Paper Guidelines

Position Papers:

In order to be eligible for any committee award, delegates of MITMUNC X must submit an original position paper describing the represented delegation's posture towards the committee topics elaborated upon in the position paper.

Plagiarism:

If a delegate uses external sources in writing their position paper, they must be properly cited in a references section of the position paper, which does not count towards page limit of the position paper. Position papers that fail to cite external resources and/or substantially demonstrate lack of originality will not be accepted.

Guidelines:

Unless your committee's background guide specifies otherwise, position papers should follow these rules:

- 1 page for both topics

- 12-point font, single-spaced

- Position papers are due on **January 12th, 2018**

Delegates should email their completed position paper to the specific committee email that is written in their guide by the deadline. Here is a complete list of all the committees' respective emails:

Committee	Committee Email
United Nations Security Council (UNSC)	mitmunc-unsc@mit.edu
